## MEDICINAL.

Consumption is no respecter of persons. The germs of this most dreadful of diseases float in the air we breathe, in the water we drink, in the money we handle. Perfectly harmless in a healthy body, they are absolutely deadly wherever weakness exists. The lungs are the most sensitive of all the vital organs. The delicate lining of the lung cells and passages is easily irritated. If the blood is impure and germiferous the lung lining soon becomes inflamed. Impure matter accumulates. If a consumptive germ is in the body it lodges there and propagates. Soon the entire body is full of bacilli and consumption has firm hold.

Many doctors say that consumption is incurable and necessarily fatal. They are mistaken. Dr. Pierce's Golden Medical Discovery will cure 95 per cent. of all cases of consumption, if taken promptly according to directions. It has cured thousands. It is quickly absorbed by the blood and searches out every disease germ in the body. It assists nature to throw off germs and all effete matter and restores the body to perfect health and strength.

When the bowels are clogged they unload their impurities into the blood which in turn deposits them throughout the entire system. The victim of this condition suffers from headaches, blurred vision, heart-burn, sour stomach, foul taste in the mouth, flatulence and biliousness. Doctor Pierce's Pleasant Pellets promptly cure constipation and these ailments. One or two gentle laxatives. They never grip. Druggists sell them. Substitutes are dangerous.

### NEW YORK'S C. S. A. WOMEN.

There were ninety six ladies present at the third meeting of the "New York Order of Confederate Women," which was held yesterday afternoon in the parlors of the Windsor Hotel.  
The meeting was called to order by the President, Mrs. E. W. Gaillard. The secretary, Miss Sara S. Alexander, called the roll. The announcement made by the president for the benefit of those ladies not present at the previous meetings, that Mrs. Jefferson Davis had been elected honorary president, was received with hearty applause. The names of ladies wishing to join the society were then called, and at the request of several members the secretary read the constitution and such by-laws as were necessary for the full understanding of its aims and objects before the applicants were admitted. The extracts bearing on these points are:

"The objects of this society shall be memorial, social and benevolent; and other objects can be added as seems advisable to the society. Memorial, in facilitating the erection of the Davis monument; social, as far as it is in the power of the members to make known to the society such Southern families in good standing as may come to New York to reside and who are strangers in the city, and benevolent in giving aid to ex-Confederates found in need of assistance."

"All women shall be eligible for membership who are relatives of or connected by marriage with ex-Confederates."

"Officers of this society shall be a president, vice president, president's assistant, who shall be appointed by the president; treasurer, recording secretary, financial secretary and two corresponding secretaries; also there shall be three representatives from every Southern State. All these officers shall hold office for one year, or until their successors are elected and qualified."

The twenty-two applicants were then received into full membership. The president stated that the society had been invited to become a member of the United Daughters of the Confederacy, an organization well known through the South, whose aims and purposes are the same as their own and which has 100 chapters. If this society joined it would necessitate a change of name to the "New York Chapter of the Daughters of the Confederacy." Mrs. Parker advocated the change. She stated that the objects of this order of Southern women were well known; whereas the "New York Order of Confederate Women" had no significance whatever. The same view Mrs. Mason took.

Mrs. Jefferson Davis was asked to express her opinion, which she did in a very few words. As the aims and purposes of the two societies were the same, she saw no reason why the New York society should stand aloof and form a new association. She was strongly in favor of a connection with the Daughters of the Confederacy.  
It was then unanimously decided to accept the invitation of the United Daughters of the Confederacy, and become the New York Chapter. The secretary was authorized to write to headquarters for a charter.

An invitation from the United Confederate Veterans, asking the chapter to be present at the unveiling of the Confederate monument in Mount Hope Cemetery, and at a reception to Charles Broadway Roush, the giver of the monument, was accepted.

A letter was read from Mrs. Margaret A. Hillhouse, asking permission to contribute to sustaining a bed for Southern women in a New York hospital, if the society should see fit to undertake such a work. —N. Y. Sun 14th.

### WORKING—TO DEPEND ON.

Mr. James Jones, of the drug firm of Jones & Son, Cowden Ill., in speaking of Dr. King's New Discovery, says that last winter his wife was attacked with La Grippe, and her case grew so serious that physicians at Cowden and Pana could do nothing for her. It seemed to develop into Hasty Consumption. Having Dr. King's New Discovery in store, and selling lots of it, he took a bottle home, and to the surprise of all she began to get better from first dose, and half dozen dollar bottles cured her sound and well. Dr. King's New Discovery for Consumption, Coughs and Colds is guaranteed to do this good work. Try it. Free trial bottles at E. L. Allen's Drug Store.

Stop dragging yourself with quack nostrums or "cures." Get a well-known pharmaceutical remedy that will do the work. Cough and cold in the head will not cause suffering if Ely's Cream Balm is used. Druggists will supply 10c trial size or 50c full size. We mail it.
